

Professor Andrew Flitman

Overview

Andrew is currently the **principal of iMORSE**, a higher education and analytics consultancy based in Melbourne, Australia. He is an **Honorary Professor** at Torrens University.

Andrew currently (March 2026) holds the following **governance roles**:

- Chair, Academic Board and Member of the Board of Directors for LCI Melbourne (ending first half of 2026).
- Chair, Board of Directors, Australian Institute of Analytics.
- External Academic Member, Academic Board, Victorian Institute of Technology.
- External Academic Member, Academic Board, Australian College of Applied Professions.
- Chair, Academic Board, Torrens University (ending first half of 2026).
- Member, Academic Board, Imperial Engineering.
- Member, Industry Advisory Committee, ASAHE.
- Chair, Academic Board, and advisor to the Governing Board and Finance, Audit and Risk Committee, for CGSI.
- Chair, Academic Board, and Member of the Board of Directors, IKON Institute.

Before his current roles, Andrew was **Deputy Vice-Chancellor (Research) of Swinburne University** from 2007-2012, including **nine months as the Acting Vice-Chancellor**. Andrew was also an **Adjunct Professor at the University of Melbourne** from 2012 to 2020.

Before Swinburne, he **was Dean of the Faculty of Science and Technology at Deakin University** and **Head of School (Business Systems) at Monash University**. In both roles, Andrew was responsible for the teaching programs and research activities and line leadership of all academic and professional staff.

Andrew is an expert in business/strategic modelling and has significant commercial consulting experience, developed chiefly through senior positions at Deloitte (London) and Price Waterhouse (Melbourne). He has recently worked with Wells Advisory (now Minter Ellison) on various higher education-related projects.

Andrew is a Fellow of the Australian Computer Society and the UK Operational Research Society.

Higher Education Qualifications

PhD (“Towards the Incorporation of **Artificial Intelligence** Techniques in Visual Interactive Simulation”), 1987, University of Warwick, UK.

BSc (Double First Class Honours) (**Mathematics, Computer Science**), 1982, University of York, UK.

Experience

Principal: iMORSE – 2012 to Present.

Activities and deliverables **include**:

- Reviewed and served as a subsequent **Expert Witness** at the full AAT re Australian College of Theology meeting university **provider standards for research**.
- Ongoing member of **academic promotions committees**, with particular emphasis on providing research/scholarship expertise, for several providers.
- Advisor for engagement with higher education regulator for several providers.
- Establishment of international collaborations and campuses for Australian higher education providers.
- Represented a leading **US public university** and its commercial arm to engage with Australian higher education providers, leading to an acquisition and current discussions with a leading public institution.
- Led higher education projects for **Wells Advisory** (now Minter Ellison) and Price Waterhouse Coopers.
- Undertaken several **reviews** for private and public higher education providers.
- **Board membership** of various higher education providers.
- Academic and research lead **Subject Matter Expert** for major education-related infrastructure projects.
- Provided multi-faceted advice for private provider clients, including TEQSA registration, program review, policy and procedure review, organisational structure, mergers, risk management, government liaison, and teaching platform evaluation.
- **Acquisition due diligence** reviews.
- **Research strategy** and investment advice for several public universities.
- **Risk measurement** in the UAE and Saudi Arabia.
- **Target setting and resource planning** for a regional University.
- **Resizing advice** and implementation for a regional city-based University.
- **Strategic business modelling**, private tertiary education providers.

Deputy Vice-Chancellor Research and Acting Vice Chancellor: Swinburne University of Technology (SUT) 2007-2012

Activities and deliverables **include**:

- Met key strategic stretch KPI: Oversaw research activities leading to **international ranking status** for SUT for the first time in its history, six years ahead of target. These rankings improved each subsequent year (final AWRU rank during his tenure # 372).
- Chair of **research governance** committee (Board of Research) throughout tenure. Through that, membership of the Council of the University.
- Membership of governance committees of all **external (and several internal) research collaborations**, including ARC Centres of Excellence (pure research) and Cooperative Research Centres (links with industry) the University participated in.
- **Panel member on two AUQA (forerunner to TEQSA) university audits** – Macquarie and UNSW.
- The final Good Universities Guide ranking for **research intensity** based solely on data during his tenure (GUG 2013) scored Swinburne the highest possible five-star rating – at that time, the only University in Australia outside the Group of eight to achieve this.
- Significant **sector and benchmark partner outperformance** during his tenure as DVC R in:

- Publications Growth - 65.4% at Swinburne compared to 17.1% for the sector.
- Income Growth – Nationally Competitive Grants (NCG) at 52.9% for Swinburne compared to 40.7% average for the sector and all income at 50.7% for Swinburne compared to 42.8% average.
- Growth in the dual drivers of **critical mass and research quality** with a significant increase in the number of citations and the volume and quality of research.
- Significantly increased the **per-capita rankings** of SUT national competitive grant performance.
- Achievement of enhanced **success rate on the key Nationally Competitive Grant (NCG) schemes** relevant to SUT (including Discovery, Linkage, and Linkage Infrastructure schemes).
- **Doubled the number of PhD applicants to SUT**, with record completions per year.

Dean (Faculty of Science and Technology): Deakin University 2005 - 2007

Activities and Faculty achievements **include**:

- Membership of **governance boards** of external (and internal) research collaborations, including ARC Centres of Excellence (pure research) and Cooperative Research Centres (links with industry) that the faculty was a member of.
- Achieved **financial stability and strategic flexibility** for the faculty through restructuring, reducing fixed costs by 6% to 84% of the total budget, contributing to a sustainable \$200,000 surplus following a structural deficit.
- **Improved local and international student demand** through rigorous and extensive program review and development, increasing from approximately 3000 applications to 4500 through VTAC first to fourth preferences over three years.
- **Enhanced research quality** by realigning publication profile and improved research income by around 40%.

Professor, Head of School, Deputy Dean (final positions): Monash University 1992 –2005

Activities and deliverables **include**:

- Member of **University Academic Board** (2000-2005).
- Replaced the departing Dean as **Chair of the Board of a faculty-owned company**, requiring and overseeing a meaningful change in the distressed organisation.
- Achieved full **Professor** status at the age of thirty-seven.
- As Head of the School, developed the School of Business Systems from its base as a low research active school to one cited as **Australia's best business IT research school** by the Australian Computer Society.
- School assessed as **UK-equivalent to a research rating of 4** (broadly equivalent to an ERA ranking of 4) by the relevant UK assessment committee chair. Highlights include increasing publications by 400%, grant income by 250%, and PhD completions by 290%.
- Led significant **complex changes in two Monash companies** (divestment and closure) in his capacity as Chair of their Boards.
- Academic leadership of successfully implementing **ISO 9001 quality standards** and associated governance for Monash's academic, administrative, and technical processes (the first academic unit thus accredited in any Australian University).

Earlier Professional Roles:

- Principal Consultant: Tangram Solutions
- Senior Management Consultant: Price Waterhouse (Australia)
- Management Consultant, then Senior Management Consultant: Deloitte Haskins & Sells (London, UK)

Personal Research – Public University Positions

- More than one hundred internationally refereed journals, conference papers, and books.
- Eight PhD supervisions to completion as primary/sole supervisor.
- Approx. \$5m in research funding (competitive and commercial).
